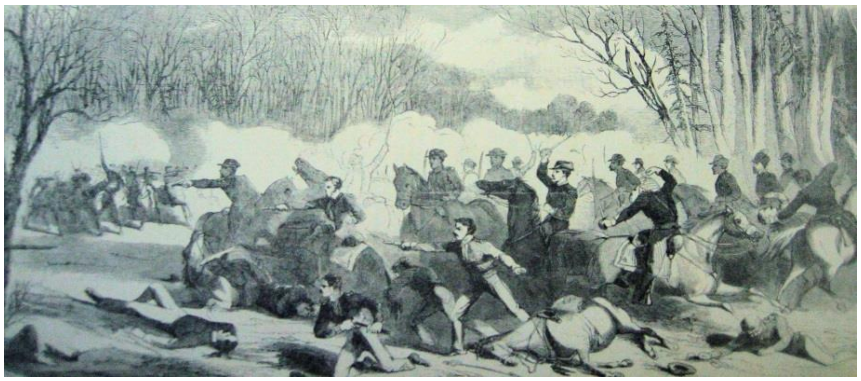
Hunter Mill Road Corridor Historical Tour

Saturday, April 15th



Join the Greater Oakton Community Association and the Vale Club for this acclaimed narrated bus tour, led by acclaimed local historian Jim Lewis. For those who joined us for the November 2022 tour, which focused on Oakton only, this can be considered "Part 2", although participation in the earlier tour is not required to enjoy this one. The tour's material will span from the formation of Fairfax Co. (1742) thru the early 1900s, and focus on sites primarily on or just off of Hunter Mill Rd. Hear where the old mills/roads were located and about some of the famed military figures (particularly the Civil War era) and colorful residents who graced the area. Numerous "period photos" will support the narrative. Walking requirements are minimal, although one segment does involve going down a slight grassy decline.
